EDUCATION

Ph.D. , School of Astronautics, Beihang University, Beijing	Present-01/09/2022
Supervisor: Prof. GuoZhu Liang	
M.E.S. , School of Astronautics, Beihang University, Beijing	06/2022-09/2020
BEng , School of Astronautics, Beihang University, Beijing	06/2020-09/2016

PUBLICATIONS

- [1] Liu Y., He Y., Liang G. Numerical Study of the Influence of Profile Parameters on the Separation Flow of Rocket Engine Nozzle Divergent Section[J]. (This paper is under submission)
- [2] Liu Yiping., Guo H., Liu Yu., Liang G. Numerical Study on the Vectoring Performance of an Aerospoke Nozzle with a Central-Cone-Swinging Scheme [J]. (This paper is under submission)

RESEARCH FIELDS

1. The Design and Experimental Investigation of the Aerospoke nozzle.
 2. Experimental Study of Solid Rocket Motor.
 3. Numerical Simulation of Gas-Solid Two-Phase Flow
